TOUCHDOWNS ON RUN-BACK FROM KICK-OFF MANY

More Goals Made on This Play in Last Football Season Than in Several Others Combined.

NO BALL FAMINE IS
IMMINENT; SIBERIAN
PONY HIDE NOT USED

TRAINING CAMP NEWS SOON WILL LEAD ALL SPORT

Within Three Weeks Squads
of Three Big Leagues Will
Be Scattered Through the
Southern States.

BY MORNING JOURNAL SPECIAL LEADER WRITER

New York, Feb. 14.—Many factors of baseball supplies are having a season which has gained circulation to the effect that the national sport will be seriously handicapped next season due to an insufficient number of baseballs for major and minor league use. According to the report the hide of the Siberian pony was the only leather suitable for baseballs, and since the war had shorted off this supply of skins the world's series might have to be played next October with defective balls if placed at all.

Investigation showed that plain everyday American horse hide is the only leather for baseballs, and that there is no usual supply in sight. This hide does not stretch or sag under the impact of bat and has always proved satisfactory.

"Perhaps," remarked one manufacturer, "the Siberian pony skin would stand up better under the battering of Ty Cobb or Jake Dauber, but for the average hitter of the major and minor leagues, American horse hide can stand his harshest bats and come back for more. In fact, if what some of the club managers tell me about their hitters, is true, ordinary wrapping paper would sustain the strain of the hammering."

Palladino Will Try for Record

Not content with his record of 113 miles in fourteen hours, with an average of over 184 pds. Nick Palladino will attempt to hang up a higher mark shortly. While Palladino's 114-mile record is probably the highest ever rolled in the time in which Palladino performed the test—let us add there is no published record higher—he is after the twenty-fourth.

An examination of these successful runs discloses that with one exception they have been accomplished by a dash straight into the thickest of the opposing front. Runners who try to skirt the flanks usually are forced out of bounds or eventually thrown by tacklers. When the runback is directed straight up the center of the field, the two teams usually meet in a compact mass before the runner close to the thirty-yard line. It sometimes happens that in the tight, tangled mass of men, who thus can win or lose, when the runner is forced through the mass into an open field beyond where he faces, but two or three field defenders whom he must outrun or outodge on the way to a touchdown—a feat that has occurred, counting in the 1914 instances, not forty-two times in thousands of attempts.

Gallagher Did It Twice.

Another feature of 1914 is the appearance for the first time of a player who has accomplished the run more than once, and who has done so as a second distinction, in one season. This player is J. P. Gallagher of Christian Brothers college of St. Louis.

The players who accomplished this feat in 1914 together with length of the run in the game in which it was made, as recorded by Mr. Davis, are as follows:

Ninety-five yards: H. N. Beeler, (Albright) vs Susquehanna; H. F. Chamberlain, (Nebraska) vs Michigan Agricultural college; J. P. Gallagher, (Christian Brothers) St. Louis; vs Ohio Northern; E. L. Tolley, (Sewanee) vs Cumberland; W. S. Tuckett, (Pennsylvania) vs Scranton; A. L. Williams, (Cornell) vs Moby Cross; Ninety-two yards: C. A. Tooian, (Williams) vs Trinity; Ninety yards: R. W. Whiston, (North Carolina) vs Virginia Military Institute; George Clark, (Illinois) vs Chicago; J. P. Lewis, (Colby) vs Bates; Eighty-five yards: T. Gallagher, (Christian Brothers) vs. Princeton; W. H. Morrison, (Middlebury) vs St. Lawrence; S. S. Robinson, (Colgate) vs Ohio Wesleyan; Eighty yards: A. H. Benjamin, (Notre Dame) vs Rose Poly; A. Wiggins, (Elizabethtown) vs. Charles City college; Seventy yards: H. A. Barker, (Virginia) vs Randolph-Macon.

FIVE-MAN TEAM ROLLS 2,981 PINS; RECORD

BY MORNING JOURNAL SPECIAL LEADER WRITER

Minneapolis, Minn., Feb. 14.—The Peoria, Ill., five-man team of Peoria, Ill., established a new international bowling association record by scoring 2,981 pins in last night's play at the Illinois' tournament. The previous record of 2,816 was made by the Illinois team of Chicago at the tournament here in 1914.

Ski Jumper Hurt.
Steamboat Springs, Colo., Feb. 14.—Flegent Omtvedt, of Chicago, in an exhibition ski meet here today, sustained an injury to his ankle which doctors say will prevent his participation in tournaments this winter. Omtvedt jumped 120 feet, exceeding his record of 108 feet made last year at Ironwood, Mich. A broken strap during this jump caused the injury. Today's record is unofficial.

Morris Calls Off Bout.
Santa Fe, Feb. 14.—Rev. Nixon Bush, a Quaker citizen who spent several weeks in Santa Fe visiting Mr. and Mrs. Robert Aspinwall, with his daughter, Miss Olive Bush, who made an exhibit in the Palace of the Governors, died at Fairmount, Ind., a few days ago at the age of 72 years.

Treatment House Burned.
Carlsbad, N. M., Feb. 14.—Fire destroyed an old landmark early this morning, the Treatment house of the early days. As the town grew it passed down the line until now it was used largely for storage of junk for the Indians' garage. The fire began a good light and prevented the fire from spreading to any extent.

As the town grew it passed down the line until now it was used largely for storage of junk for the Indians' garage. The fire began a good light and prevented the fire from spreading to any extent.

CLOVIS PEOPLE WELL PLEASED WITH NEW SANTA FE SCHEDULE

SPECIAL CORRESPONDENCE TO MORNING JOURNAL

Clovis, N. M., Feb. 14.—The new train schedule on the Santa Fe railway was put into effect last Sunday morning. The Pecos valley train from Carlsbad arrived here at 4:10 and others followed until in a short time four daily trains were lined up in front of the Clovis depot. Clock tick on metronome, time as the hour struck. Billed with travelers going to the Harvey house for breakfast.

As the changes in the schedule were drastic, every precaution had been taken to handle the trains with dispatch. Manager John O. Prichard had everything in readiness to serve breakfast to four trains. In consequence everything in the spacious dining room and lunch counter moved smoothly. The service was as perfect as though this had been the order of things for months.

There were many truck loads of mail, baggage, and express to handle. The mail clerks, baggagists and express messengers handled it all without difficulty or delay. The Pullman cars shunted to their places in the trains and in an hour the four trains were ready for their journey.

Superintendent F. J. Evans, Trainmaster J. B. Briscoe, Master Mechanic Shaffer, General Baggage Agent Charles Walsh of Amarillo; Traveling Passenger Agent T. A. Galbraith, of Amarillo; Station Agent L. E. Connelly and his assistants, Superintendent of Harvey Houses B. P. Mangar, of Newton, and his assistant, C. H. McCoy, of Amarillo, and Pullman Inspector E. G. Lane of Chicago, were on hand, each looking after his particular line.

Everything was handled admirably. The passengers had no difficulty in finding their trains and courteous attendants were there to assist them. The second day everything moved with the precision of clock work.

The new service makes travel more convenient to Albuquerque and the state capital at Santa Fe. It makes a trip to the Pecos valley especially convenient. The train arrives at Roswell at 11:45 a. m. At 1:30 p. m. a new local train leaves Roswell for the south, arriving at Carlsbad at 3:15 p. m. Coming north, the regular train leaves Carlsbad at 11:30 p. m. The Pullman on this train is open at 3 o'clock.

The service into Texas is also convenient. Leaving here one morning one can get to Fort Worth, Tex., 7:20 a. m. in the morning and ride in a through sleeper to Shallow, Galveston, where the passenger train reaches 8:30 a. m. in the next morning. The through Pullman from Clovis to Houston and New Orleans is a marked advance in convenience.

This schedule cuts Clovis on the map. It is on the main line travel from Chicago to San Francisco and between the Gulf coast and the Pacific coast. These new trains are fast expresses and run over heavy steel with rock ballast.

In the whole, this new schedule is the biggest thing that has come to Clovis for a long time.

No Time Given
IKARIA BEFORE
TORPEDO STRUCK

BY MORNING JOURNAL SPECIAL LEADER WRITER

In spite of Nick's confidence when he first set out to smash a record, odds would have been against him if those had been his betting. His average in the league was low. He had been off color practically all season. It took the long route to put him back in form. Since then he has been rolling at his old stride. This time the odds very likely will be in his favor. Palladino is looking for some one to make the trip with him this time. It's a rather lonesome journey alone. Palladino has a letter from Tom Andrews, sporting authority and compiler of sporting records, setting his fast foot.

GOALS USED AS SCAVENGERs.

Elida, N. M., Feb. 14.—Using goats to clean up the waste around the feed lots is rather an uncommon thing. El. McIlroy, however, finds it profitable. He owns about a thousand head of cattle and uses more or less feed to carry his stock through the winter. There was always waste of food left over and he brought the goat into the picture. He feeds the cattle and when they have finished, the goats are turned in and eat the bottoms of the feeder bottoms and help make fat mutton. When spring comes and the cattle are ready to go out on grass, the goats are then turned out as well.

Many Go to Convention.

Carlsbad, N. M., Feb. 14.—Eastern New Mexico and Northwest Texas will go to the convention of the Cattlemen's association in El Paso, on March 1, in force. The Santa Fe railway will run a special train, starting from Carlsbad at 10:45 a. m. February 28. This train will leave Amarillo at 4 p. m. and run by way of Clovis and Belen into El Paso. Many reservations have already been made from eastern points. Carlsbad will be strongly represented. This train will be a great convenience to those going to the convention.

WINTER DOUBLES WORK.

In summer the work of eliminating poisons and acids from the blood is done by perspiration. In cold weather, with little or no exercise, the kidneys cause sweating. For kidney pills help overworked, weak and diseased kidneys to filter and cast out of the blood the waste materials that causes pains in sides or back, rheumatism, lumbago, stiffness of joints, sore muscles and other resulting from improper elimination. NEGRO IS HELD FOR GRAND JURY; DANGER OF RACE WAR IS OVER

SPECIAL CORRESPONDENCE TO MORNING JOURNAL

Gallup, N. M., Feb. 14.—"Sass" Recently, the hotel porter who was discovered in a room in a lodging house here with a white woman and who came near being the cause of a race riot in Gallup, has been bound over to the grand jury in the sum of \$250, and in default of bail is held in jail here. The woman, who is believed to be mentally unbalanced, was released upon the arrival of her brother from Chicago, Ariz., who came here to take charge of her. She is said to have suffered a severe injury to her head several years ago and to be subject to hallucinations. She declares she has no knowledge of how she came to be in the house with the negro.

Danger of a race riot, which at one time was serious, is now believed to be over, and no danger to the negro residents of Gallup is apprehended.

CARLSBAD CLUB NAMES LIVE WIRE PRESIDENT

SPECIAL CORRESPONDENCE TO MORNING JOURNAL

Carlsbad, N. M., Feb. 14.—The new board of the Commercial club has just organized for an active season. Clarence Bell, manager of Joyce-Pruett company, is the president and is considered as very efficient for the position. Frank H. Richards continues as secretary.

The board, among other things, will support an auto road-building campaign. It will join the Eastern New Mexico Good Roads association in its efforts to promote the completion of the eastern New Mexico highway through Eddy, Chavez and Roosevelt counties. State Engineer James A. French has a force at work on this highway and in a short time will also start work on the road from Carlsbad to Lakewood, another link in this highway.

Blind Girl Moves Audience.

Santa Fe, Feb. 14.—Blind Garrett, daughter of the late Pat Garrett, sheriff of Doña Ana county, recently moved an audience that crowded the First Presbyterian church this forenoon and included many legislators and friends of her father, with the rendition of a composition of her own, "Give Praise to the Lord." She accompanied herself on the piano and her mother, Mary, sang a solo. The audience, mostly women, were spellbound by the girl's singing.

Hughie Jennings

Manager of Detroit "Tigers", says

"After a red hot finish in a ball game a pipe full of Tuxedo makes victory sweeter, or defeat more endurable. Ee-yah for Tuxedo."

Hughie Jennings

"Come on, boys—Smoke Up! With TUXEDO!"

"Ee-yah!" That's Hughie Jennings' battlecry, out there on the coaching line by third base. He's one of the peppiest, ginneriest men in baseball; always up on his toes, rooting for dear life, making those runs come in.

Want to get some of that old snappy feeling yourself? Smoke Tuxedo, same as Jennings does. It'll boost you right up into the zingdooley class of fellows who are always on the go, full of vim and good nature, piling up success.
